HTML , CSS and Javascript

Bootstrap and Tailwind (entry level)

React.js

Git and GitHub

SQL

PROJECTS

FreshEat – Restaurant Website. HTML, CSS, JavaScript Designed and developed a responsive restaurant website featuring a dynamic menu, image gallery, and smooth navigation. Focused on clean layout, mobile responsiveness, and interactive user experience. ([Try it here](#))

ProfitFusion – Educational Institute Website. Built using HTML, CSS, and JavaScript Created a professional and responsive website named ProfitFusion for an educational institute to enhance its online presence. Designed clean and organized layouts with easy navigation across sections like courses, faculty, about us, and contact. Used HTML for structured content, CSS for a modern visual design, and JavaScript to add interactivity such as form validation, smooth scrolling, and responsive behavior on all devices. ([Try it here](#))

WeatherForecasting-Project-4. Built using HTML, CSS, and JavaScript Developed a real-time weather forecasting web app that allows users to check current weather conditions by city name. Integrated with a weather API to fetch live temperature, humidity, and condition data. Designed a clean, responsive UI using HTML and CSS, and implemented dynamic data rendering and error handling with JavaScript. Enhanced user experience with loading animations and interactive search functionality. ([Try it here](#))

To-Do List App. React.js Tailwind CSS Built a responsive to-do app with task add, delete, and filter features using React hooks. Styled with Tailwind CSS for a clean UI. Implemented local storage for data persistence. ([Try it here](#))

EXTRA-CURRICULAR ACTIVITIES

- **Tech Enthusiast** – Passionate about exploring new technologies, web development trends, and building personal tech projects.
- **Outdoor Sports** – Actively participate in cricket and football, fostering teamwork, leadership, and discipline.
- **Adventure Biking** – Enjoy long-distance bike rides and adventure trips, promoting focus, endurance, and a love for exploration.
